SAN DIEGO DIVISION, PSR-NMRA

JANUARY 2004

The Year of the Monkey

By Ben Sevier, Superintendent, San Diego Division

A new year has come, the Year of the Monkey. If you are born in the Year of the Monkey, you are very intelligent, well-liked by everyone, and will have success in any field you choose! And it looks like it will be an exiting one in our hobby (even ignoring the fact that it is an election year, leap year, etc.), with more new products rolling out to the stores, choices to be made for the NMRA, and more people learning about the hobby. I'm constantly amazed at the number of people I meet who are interested in, or are actually participating in, this wonderful hobby of ours!

As Dave Balsler mentions in his report on the Division Mini-Meet layout tours, many of our San Diego members (and their friends) have had the honor of visiting some really nice layouts this past year. We've seen large and small layouts, some finished, some not, but all very fascinating and lots of fun. And the people you meet! I think that this hobby attracts the most interesting people, of all types and backgrounds, all with the common interest of TRAINS - big and small. And watching the fascination of kids with trains puts the lie to

the comment that "kids today don't care about trains" - they do, if you give them a chance!

Besides the great layout tours planned for this year, we have a number of other great events coming up. In February the Division's Winter Meet will be the place to be, especially if you are interested in learning how to "do" scenery, look at great models, or just talking trains. A "hands on" scenery clinic is planned, where you get the chance to learn about making trees, roads, "dirt" and other things necessary to make our miniature worlds come alive - and you get to take it home afterwards! There will also be a model contest - bring something you built, painted or designed - enter it, and get feedback from experts (guys just like you) on how to make it better. There will also be a "favorite model" contest, with a prize for the winner. So, don't be shy - show off!

In May is the annual Division Swap Meet and Spring Meet. The swap meet is a place where you can bring those items you don't need (do you really need a DD-35 to go with those beautiful 4-8-2's?), and sell or swap for something that strikes your fancy. The meet will be at the Poway Community Center, with plenty of free parking. Tables will be 50 cents for non-members, there will be a 50 cent door fee for non-members, and kids under 12 free. I've also heard rumors of a bake sale as well - what could be better, fresh cookies, trains, and people who share your interests - make sure it's on your calendar, and bring your friends - it can be an inexpensive way for someone to get into the hobby.

The remainder of the year is still in the planning stages. Each past summer the Division has held a picnic in Rohr park with the Chula Vista Live Steamers, but this year we'll be doing something else - watch these pages. And November is National Model Railroad Month, a

LAYOUT MEETS & TOURS

By David Balser, Layout Tour Chairman

January kicked off a great year for layout tours as host Don Fowler invited us to his home to see his great N-Scale railroad. Everything ran perfectly until Dick Roberts showed up and caused a derail of a smooth running diesel consist. It was later found out Dick was carrying a large magnet in his pocket that caused the problem! Also Bob Moore kept his hands in his pockets the entire time to avoid knocking over another structure like he did on the last layout tour! Both of these stories, although somewhat true, point out what a fun time we are having at our tours. We had about 25 guys show up at Dons house and he had his railroad in perfect

Chuck Baker's N Scale Layout

shape and provided tasty food and snacks for the entire gang. If you were not there you missed a good time.

Coming up in February, March, and April will be visiting a Model Railroad in a basement in Del Mar, visiting the "King of Scales" in the Cajon Zone, and taking a "Road Trip" to Orange County to see four great layouts.

February 21 we will be visiting the "DeBoise Western of Art and Lou Dominy. Pronounced "Da Boys" the DeBoise Western is named after father & son, the "Dominy boys. It is 95% scenicked, and uses 300 feet of track in an 18 x 18 basement, and also features a mountainous setting with an impressive gorge crossed by three high bridges. The Dominy boys like to run long consists and because of a constant 1% grade it requires plenty of power to pull trains up the mountains and passes. Art is also an expert on Railroad Dining car China and cutlery

and has written a best selling book on the subject.

March 13 we will be visiting the "King of Scales", O-Scale, at the home of Nelson Rath.

Mike Komosinski's N Scale Layout

Fellow NMRA member John Sigurdson, MMR, designed a special room just for the railroad and it will be good to see real big trains run again. Nelson's empire is housed in a 38 x 16 foot building. Although he has not designated a name for his railroad, he depicts a western setting and runs just about everything in the west: UP, SP, WP, and more. This is no broken down branch line. Nelson runs the big stuff! He operates huge Hudsons, Challengers, Turbines, and even the Grand Daddy of them all- the UP Big Boys! In O-Scale you can imagine the pulling power and the awesome sound of the long consists of hoppers or reefers thundering down the track.

April 17 will be a "Road Trip"! Through the help of former PSR President, Bob Chapparo we will be crossing the border and visiting his Citrus Belt Railway and then moving on to visit three

Dick Trotter's "Coyote Pass & Northern"

Continued from page 2

more great model railroads he has lined up for us. We will be meeting for breakfast at "MIMI'S" DINER at the El Camino Real exit off Highway 78 in Oceanside at 0800 AM. Directions to get to Bob's house will be sent to you via the normal postcard or you can get them that morning at MIMI'S, or if all else fails call Bob at (949) 770-5158. Directions to the other three railroads will be at Bob's house the morning of the tour.

Directions for all the tours will come to you via the normal post card Ben sends out. If you do not get yours by Saturday morning then call me at home at (760) 436-6139.

Upcoming tours for the balance of 2004 will include visits to the Model Railroads of Dick Roberts, Steve Harris, John Sigurdson, Rodger Gredvig, Ross Black, and a special day at the Museum where you can run your best trains on the biggest Model Railroad in the West.

A last thought - within one week of visiting a layout please call the host and let them know how many people in your group will be attending. I say group because you are encouraged to invite non NMRA members to introduce them to our activities. By calling ahead, the host can be better prepared!

MONTHLY LAYOUT MEET LOCATIONS

Our February 21st tour is in beautiful Del Mar. Directions to Art Dominy's house: take I-5 to Del Mar Heights Road, head west towards the ocean. Turn right at Camino Del Mar, and head north through the village of Del Mar. Past the village, turn right on Sea View, follow Sea View and take the first left fork, then the first right then another left the right onto Balboa Avenue. His house is at 2060.

The March tour, on the 13th, is at the house of Nelson Rath in El Cajon. Directions: take I-8 to Main Street exit in El Cajon, go west on West Main Street. Turn left on Travelodge Drive, then right on La Vista, then right on Blackthorn. Nelson's house is at 657 Blackthorn. The layout is in a separate building.

The April tour is a road trip to Orange County

on April 17th (St. Patrick's Day). There will be a "gathering" at Mimi's Diner right off Route 78 in Oceanside at 8:00am. Order breakfast (you're on your own) and prepare for a fun day!

SAN DIEGO MODEL RAILROAD MUSEUM NEWS

The San Diego Model Railroad Museum was fully accredited by the American Association of Museums (AAM) December 5, 2003 in Washington DC.

2004 should be a great year for the Tehachapi exhibit here. The Tehachapi Mezzanine railing was completed on December 23, 2003. The next step is to get the city to complete the sign off on the final inspection. After that the club will proceed with construction of the new decking that will hold the Tehachapi Loop and Woodford scene. This scene will be 80' long and 25' wide. The club intends to get the Loop trackage into operation by December 3, 2004, Balboa Park December Nights (formerly Christmas on the Prado). Modelers will find the complete HO Tehachapi track plan in a special foldout issue in the January '04 Model Railroader magazine.

Other museum news includes: The San Diego 3-Railers Club has almost completed its 3-rail O gauge layout inside the museum's Toy Train Gallery. Complete means track, scenery and control systems. Special exhibit lighting will be installed by Case Lighting Resources early in '04.

The Lego Train Layout created Southern California Lego Train Club will be operating at the museum until January 31, '04.

Director's Report

By Rodger Gredvig, MMR

Not much has transpired with the Board of Directors since my last communication in the Mailhook. The survey I alluded to last time has been inserted in the latest Dispatch and you are encouraged to submit your vote before the deadline. You may recall the issue is whether to require NMRA membership to be able to register for a Regional Convention or whether some surcharge designated by each hosting Division would be acceptable. This is your chance to be vocal and influential in policy decisions. Please return your survey ASAP.

Nominations for a regional Trustee to represent us at the National level are being requested. Please submit names to either me or the Superintendent, Ben Sevier [phone and e-mail numbers are on the staff page of this newsletter]. Please remember to register for the upcoming 2004 PSR convention: "Rails to the Verdugos 2004", September 15-19, 2004, sponsored by the Los Angeles Division of the PSR. Information and forms are available online at <http://www.getnet.com/~dickg/nmra/psr/psr.html>

The National Convention is located in Seattle this year, PSX 2004. Registration forms are also online (NMRA.org) and details are included in the NMRA Bulletin.

Some members have been making inquiries about the new Long Range Planning document. An excellent explanation in Q&A form is located at the national homepage in the left column, side frame, at the same site.

The Year of the Monkey - Continued from Page 1

chance for us to help encourage and educate people about the hobby. Several ideas are being passed around, including a public train show - if you have any suggestions for an event or activity,

or would like to help, please send it in.

A number of members have asked about getting a name badge to wear at events, one that shows their participation in the Division. Gary Robinson, Membership chairman, has been working on such a project, and will have samples to show at the Winter Meet. The badge will be black with gold lettering, and will have the Division Logo, your first name in large letters, and your last name in smaller ones. The cost will be \$5.00. Sign-up sheets will be at the Meet (if you've already signed up, you don't need to again).

One of the problems with a volunteer organization is finding people with time to help get things done. The Division has been lucky over the years in having members step up and donate their time and efforts, some for many years. One of those is John Sigurdson, MMR, who has run the model contests at Meets and Conventions, and assisted many modelers in learning how to improve their skills and the quality of their models. John is stepping down from this position after the Spring Meet. If you are interested in filling the position of Contest Chair, contact John, Rodger or myself. The position of Meet Chair is also open. This position is responsible for the logistics of the quarterly Division Meets, and needs an organized person to make sure everything gets done on time. If you are interested, please give me a call.

A position that is now filled is the new one of Club Liason, with Jack Byers volunteering to work with the various clubs to coordinate activities and encourage membership in the NMRA at the club level.

As you can see, this new year has lots of things happening, and needs you to help make it all happen. Volunteer to help, open your layout to a tour, attend Meets and events, or just encourage a friend to join - all of these will help make it a fun year! Looking forward to seeing you!

Submissions

If you are interested in submitting articles, event information or other information of interest to members of the Division, please follow these guidelines:

1. Preferred method is by email to the editor, with the submission attached as a text document. Also accepted are: text document on floppy disk, printout from laser or ink jet printer, or typed using new ribbon.

2. Keep in mind that submissions may be edited for length or formatting, or not used at the discretion of the editor.

3. Submission deadlines for 2004: April 9, 2004; July 9, 2004; October 9, 2004; January 15, 2005

4. If you wish submission materials returned (i.e., photos), please send a stamped, self addressed envelope.
